Important information

Information here is provided on a voluntary basis from businesses in each local authority. We'd like to thank all those that take the time to complete the survey and provide vital information to help all those interested to understand the business conditions in their local area.

If your region or sub-regions does not appear in the drop down menus then unfortunately it did not receive enough responses to get its own report. A threshold is set in order to protect the anonymity of the businesses who kindly take the time to fill out the survey. Your responses will still contribute to sector performance at a North, South, East and West of Scotland level. Please contact either Hannah.Melville@visitscotland.com or Lesley.Whitehill@visitscotland.com if you don't see your region here and would like some information on it. We will endeavour to provide you with as much as possible whilst still protecting the anonymity of businesses in each local area.

This survey collates views from businesses on a wide range of topics affecting tourism in local destinations. This data supplements data on tourism in Scotland which is gathered by the annual statistical surveys undertaken at a national level.
